PROJECTS

E-HUB
- A single, central website that lists all of the upcoming hackathons and cultural events being held by various colleges, builds connections between them, and aids in campus promotion. The front end is developed with HTML, CSS, and JS, while its backend is DJANGO and its data server is XAMPP.

FASTCART
- Developed a Flutter app that saves time by self-billing goods. It integrates UPI services to provide quick payments and reduces the need for human intervention, hence increasing shopping efficiency.

SKILLS

TECHNOLOGIES
- JAVA,PYTHON,C,DART,OOPS
- FLUTTER,HTML,CSS,DSA.

GENERAL
- COMMUNICATION, PROBLEM SOLVING, LEADERSHIP

ACHIEVEMENTS

- Clinched victory in a college MicroProject competition, outshining 200+ teams, with a standout project that exemplified innovation and technical excellence.
- Secured a remarkable 3rd place in the prestigious Zignas 2023 Hackathon hosted by MLRIT, showcasing exceptional developing skills and innovation in a competitive tech environment.

ACTIVITES

GDSC MLRIT, CORE MEMBER

- CONDUCTED MANY EVENTS

SCOPE MLRIT, TECHNICAL MEMBER

- HELPED 100+ STUDENTS IN HACKATHON.

SUMMARY

Hey,I have experience working in UI Designer and Web Developer.
I have done multiple projects in flutter ,python ,django ,htmlcss ,unity. more to come..
I like to know how everything works and absolutely love to take challenges which can gear up my skills.
